

# ADVANTAGES OF INSULATED ROLL UP DOORS

91.5% is the average return-on-investment for a garage door replacement project.

Insulated doors can reduce noise transmission throughout a busy facility.

Facility owners can save up to 20% on annual energy bills with proper insulation.

## THERMAL VALUES

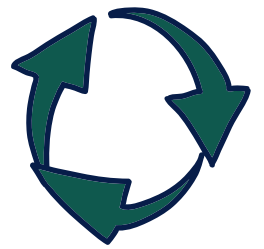

### R- VALUE

MEASURES THERMAL RESISTANCE OF ONE COMPONENT/MATERIAL.

1

### U- VALUE

MEASURES THERMAL TRANSMITTANCE OF ENTIRE DOOR ASSEMBLY.

## BENEFITS

- 1 Return-on-investment
- 2 Temperature Control
- 3 Increased Durability
- 4 Reduction of Sound Transmission

Don't forget the importance of proper weather stripping!
