

# OPEN SESAME

REALLY. IT'S THAT EASY

## NOKĒ DOOR CONTROLLERS

No more keys, key cards or combinations. With a Nokē keyless entry system, eliminate more than just key management. Our security platform saves time and money and granting or revoking access is as easy as adding or removing an email. From any door type, to any surface, be anywhere and always be in control.

## MODELS

On-Wall surface mounted  
**Power**  
Hard-Wired

On-Wall  
**Hard-wired**  
For use with mag locks or door strikes

**Finish**  
Bead Blasted Zinc Alloy  
**Mounting**  
On-Wall surface mounted  
**Power**  
Hard-Wired

## ON-WALL: SPECS

**CONTROL FROM YOUR PHONE**

**WORKS WITH ANY SURFACE**

**WORKS WITH ANY LOCK TYPE**

**HARD-WIRED OR BATTERY POWERED**

**WORKS WITH ANY DOOR TYPE**

**SIMPLE INSTALLATION**

### BATTERY TYPE AND LIFE

**On-Wall Battery Powered**  
**Battery:** D-Cell Lithium Thionyl Chloride  
**Battery Life:** 3+ Years

### OPERATING TEMPERATURE

-40°F to 176°F / 40°C to 80°C

### WATER RESISTANCE RATING

IP66

### COMPATABILITY

iOS: iPhone 4S or newer  
Android: Devices with BT 4.0,  
Android 4.4 or newer

## DOOR CONTROLLER TECHNOLOGY

### BLUETOOTH

Control all locks from any Bluetooth enabled smart device

### NOKĒ MOBILE APP

Control your locks from a simple smartphone app

### API INTEGRATION

Integrates with existing platforms to avoid multiple platforms and redundancy

### NOKĒ WEB PORTAL

Manage users, locks, digital keys and receive comprehensive reporting on user activity

### CLOUD-BASED

Locks, keys, app, and web portal are synchronized in real-time through Nokē cloud

### SECURE DATA

Products are built with the highest level data security, compliance and privacy standards

### REMOTE ACCESS

Control who, when, and where locks are being used, from anywhere in the world

### MESH NETWORKING TECHNOLOGY

Allows for two-way communication between the lock and the cloud

### MOTION SENSOR

In-Wall Door Controller has a built-in front-facing motion sensor

### TOUCH SENSOR

Capacitive touch sensor allowing easy waking of battery operated units
